Four years of study (grades 9, 10, 11 and 12 or equivalent) in selected English-speaking countries or in the educational systems of these countries (regardless of location) where English is the only medium of instruction AND no ESL courses have been taken.

Selected English-speaking countries include: U.S., UK and Ireland, Scotland, Wales, Australia, New Zealand, Canada (except Quebec), Singapore, Ghana, Kenya, Liberia, Nigeria, South Africa, Zambia, Zimbabwe, and these countries in the Caribbean (Anguilla, Antigua & Barbuda, Bahamas, Barbados, Belize, Bermuda, British Virgin Islands, Cayman Islands, Dominica, Grenada, Guyana, Jamaica, Montserrat, Saint Helena, Saint Kitts & Nevis, Saint Lucia, Saint Vincent & Grenadines, Trinidad & Tobago, Turks & Caicos Islands, U.S. Virgin Islands)

SAT/ACT or Test Optional for AU?

It depends!

- The SAT/ACT is required of all applicants, including int'l students, who are graduating high school inside the U.S. **unless** the student chooses to go **“Test Optional”** for standardized testing.
- **“Test Optional”** refers to standardized testing. It does **not** refer to proof of English proficiency.
- F-1 & J-1 students **must** still prove English proficiency through TOEFL, IELTS, PTE, DET, etc.
- **“Test Optional”** does **not** put students at a disadvantage for admissions' consideration when other components are strong.

When to consider “Test Optional” for your international student?

- Less than 4 years in an all-English curriculum
- Very recent transition to English-language curriculum
- Completed several ESL classes at a U.S. high school
- TOEFL, IELTS, PTE, DET, etc results are at the low end of AU's minimum requirements.

Advanced Credit for AP, IB, A level & Other Exams

- American University is committed to ensuring that AP, A-level, and Higher Level (HL) IB students receive the appropriate AU credit if they meet each exam's criteria.
- View www.american.edu/admissions/exam-credit.cfm for details and policies.

AU Transition Programs

International students on non-immigrant visas such as F/J/G/H/A, who do not meet the AU English proficiency or GPA requirements for direct entry may be recommended for IAP or American Collegiate in their denial letter. This is only available for students who meet IAP or American Collegiate minimum requirements:

International Accelerator Program at American University (IAP) is a demanding one-year transition program that combines intensive English-language instruction with coursework and supplemental resources that help fully integrate students into the university and their campus community. IAP provides a pathway program that is designed to prepare students for degree-seeking status at AU.

American Collegiate Program at AU (ACDC) This non-degree program is intended for first-year students who seek the academic, cultural, and English-language support to succeed at very competitive U.S. universities. Based at American University, students pursue a program that includes two to three semesters of credit-bearing course work, along with English language and other support. Additionally, these students receive counseling to facilitate a seamless transfer to any university, including AU.
