

## **American University Neighborhood Partnership Data and Metrics Working Group Summary**

August 30, 2019

Key Discussion Points:

- Working Group Expectations
- Member Recruitment

Summary: The co-chairs of the Data & Metrics Working Group met to discuss the status and expectations for the working group given the proposed campus plan timeline. The co-chairs considered strategies for working group member recruitment and ways to coordinate with the other AU Neighborhood Partnership working groups.

The co-chairs also reviewed elements of the 2011 Campus Plan relevant to their working group to establish a collective knowledge base for the Data & Metrics Working Group moving forward.
