

**American University Neighborhood Partnership
Steering Committee Meeting Summary**

May 12, 2020

Key Discussion Points:

- Welcomes and Introductions
- Discussion on Updated Framework

Summary: After opening remarks, Steering Committee members discussed updates to the 2021 Campus Plan Framework, including information on AU's student enrollment numbers and their continued revisions to potential development sites. Next, the Student Life and Safety Working Group provided a progress update on the "Good Neighbor Guidelines" being reworked by AU as a result of the Partnership. The members then examined transportation and parking issues outstanding to the campus plan. The group closed out by looking at the next steps going forward and discussing the planned timeline for filing the 2021 Campus Plan.
