

## **American University Neighborhood Partnership Steering Committee Meeting Summary**

February 26, 2020

### Key Discussion Points:

- Campus Plan Framework Overview and Discussion
- Working Group Report-Outs
- Upcoming Working Group Meetings
- AU's Campus Planning Website

Summary: The AU Neighborhood Partnership Steering Committee meeting opened with a welcome by the Co-Chairs and with the neighborhood leaders briefly providing feedback about their view on the campus planning process. Next, each of the Working Group Co-Chairs presented about the progress their groups had made since the last Steering Committee meeting, particular attention was paid to the work the Student Life and Safety Working Group had done.

The meeting then focused on a continued discussion about AU's identified opportunity sites for the Campus Plan and how building on these sites potentially could affect the neighbors around AU. The meeting closed out by looking at what is planned to go up on AU's specific campus planning webpage and looking ahead to next week's CLC meeting which will introduce the Campus Plan Framework to a larger set of stakeholders.
