Summary: The first Student Life and Safety meeting of 2020 began by reviewing language in the draft Campus Plan Framework regarding off-campus student life and how it interacts with neighborhood quality of life. This included a discussion about a revamped off-campus living orientation and ways AU can best interact with apartment buildings in the community that contain a large number of AU students. Next, the co-chairs introduced a handout with suggested revisions to the AU Student Code of Conduct. The meeting closed out by asking members to send in any further suggestions around AU's Code of Conduct to the co-chairs and then looking at future meeting dates.
