

**American University Neighborhood Partnership  
Student Life and Safety Working Group Summary**

April 14, 2020

Key Discussion Points:

- Review Good Neighbor Policy
- Review Student Code of Conduct
- Review Framework Sections Relating to Off-Campus Students

Summary: After a round of introductions, the Student Life and Safety Working Group took the first look at AU's proposed "Good Neighbor Policy," which informs students living off-campus of various D.C. Laws, regulations, and university policy and ties them into AU's Student Code of Conduct. The University gathered feedback on the language in the document before turning to review changes made to AU's Code of Conduct in relation to the "Good Neighbor Policy." The Working Group next discussed the Campus Plan Framework section relating to off-campus student living, which incorporated feedback from previous neighbor comments. The meeting wrapped up by looking at the May meeting date to deal with outstanding issues, as well as the upcoming CLC Sessions on the Campus Plan.
