

**American University Neighborhood Partnership
Student Life and Safety Working Group Summary**
May 7, 2020

Key Discussion Points:

- Review Revisions to Campus Plan Framework

Summary: After a round of welcomes, the May Student Life and Safety Meeting focused on revisions and additions to the Campus Plan Framework. This discussion included comments on the additional language to AU's *Good Neighbor Guidelines* policy, as well as changes to the draft Framework as it relates to off-campus student conduct. There was an extended dialogue on how AU can best inform students of both DC legal statutes and the way these statutes interact with the Student Code of Conduct. The meeting wrapped up by looking at future key dates for the Neighborhood Partnership.
