

American University Neighborhood Partnership Transportation and Parking Working Group Summary

April 4, 2020

Key Discussion Points:

- Proposed 2021 Campus Plan Transportation and Parking Strategy
- Comprehensive Transportation Review (CTR) Update
- Preliminary Campus Circulation Concepts
- Next Meeting Date

Summary: The first 2020 meeting of the Transportation and Parking Working Group examined the key components of the 2021 Campus Plan Draft Framework as they relate to the scope of the working group. Discussion included providing a review on the Comprehensive Transportation Review (CTR) process as well as AU's future Transportation Demand Management (TDM) strategies. Next, the group looked at the way the updated 2016 Zoning Commission regulations affected AU's parking inventory as well as AU's ongoing enforcement efforts related to their "Good Neighbor" parking policy. Finally, AU introduced preliminary campus circulation concepts for initial response and feedback from working group members.
