

JEFF GILL
May 16, 2023

POSITIONS

American University

Distinguished Professor, Department of Government, and Department of Mathematics & Statistics, July 2017–Present.

Member, Center for Neuroscience and Behavior, July 2017–Present.

Founder and Director, Center for Data Science, January 2018–Present.

Washington University in St. Louis

Professor Emeritus, July 2017–Present.

Professor, Department of Political Science, College of Arts & Sciences (primary appointment), July 2007–July 2017.

Professor, Division of Biostatistics, School of Medicine (secondary appointment), July 2011–July 2017.

Professor, Department of Surgery (Division of Public Health Sciences), School of Medicine (research appointment), July 2011–July 2017.

Professor, Department of Mathematics, College of Arts & Sciences (courtesy appointment), July 2008–July 2017.

Professor and Co-Founder, Machine Learning Group, September 2012–July 2017.

Director, Center for Applied Statistics, July 2007–July 2011.

University of California, Davis

Professor, Department of Political Science, July 2007 (promoted).

Associate Professor, Department of Political Science, January 2004–July 2007.

Member, Graduate Group in Epidemiology, July 2005–July 2007.

Harvard University

Visiting Professor, Department of Government, January 2021–July 2021.

Faculty Associate, Institute for Quantitative Social Science, January 2021–July 2021.

Visiting Professor, Department of Government, January 2018–July 2018.

Faculty Associate, Institute for Quantitative Social Science, January 2018–July 2018.

Visiting Associate Professor, Department of Government, July 2006–July 2007.

Faculty Associate, Institute for Quantitative Social Science, July 2006–July 2007.

University of Florida

Associate Professor, Department of Political Science, May 2002–December 2003.

Assistant Professor, Department of Political Science, August 2000–May 2002.

Courtesy Professor, Department of Statistics, August 2000–Present (not a typo).

California Polytechnic State University

Assistant Professor, Department of Political Science, September 1996–June 2000.

DMC Telecom

Director of Sales, Europe, June 1988–June 1992. Based in the UK.

IBM Corporation

Associate Engineer/Scientist, Federal Systems Division, June 1984–June 1988.

PUBLICATIONS and FORTHCOMING WORKS

Books and Monographs:

10. [Jeff Gill and Le Bao](#). Bayesian Social Science Statistics from the Very Beginning: Getting Productive. Forthcoming 2024. **Cambridge University Press, Elements Series**.
9. [Jeff Gill and Le Bao](#). Bayesian Social Science Statistics from the Very Beginning: Getting Started. Forthcoming 2023. **Cambridge University Press, Elements Series**.

FEDERAL SPONSORED RESEARCH

8. **Eunice Kennedy Shriver National Institute of Child Health & Human Development (NIH)** “Development and Evaluation of a Bedside Guideline Engine for Severe Traumatic Brain Injury.” Grant Number: 1R21HD086784-01A1. Award amount: \$217,656. Award period: 9/1/17 to 8/31/18. Biostatistics Core Director.
7. **Department of Defense Joint Program Committee 6 (JPC-6), Combat Casualty Care (CCC) Research Program and the Congressionally Directed Medical Research Programs (CDMRP)**. “Novel Artificial Erythrocyte for In-Field Resuscitation of Hemorrhagic Shock” (W81XWH-17-1-0668, PI Allan Doctor). Award amount: \$3,000,000. Award period: September 2017 to September 2021. Multiple Subrecipient Principal Investigator (PI), Biostatistics Core Director.
6. **National Institutes of Health, National Heart, Lung and Blood Institute**. “ErythroMer: Nanoscale Bio-Synthetic Red Cell Substitute” (1R42HL135965-01A1, PI Allan Doctor). and Analysis. Award amount: \$1,765,325 to KaloCyte, Inc. (NIH Prime). Award period: January 2017 to January 2020. Subrecipient Principal Investigator (PI), Biostatistics Core Director.
5. **National Science Foundation, Political Science & Methodology, Measurement, and Statistics (MMS)**. “Workshop On Methodological Challenges Across the Social, Behavioral, and Economic Sciences; NSF; Arlington, VA–February, 2015,” SES-1503092. Total grant award amount: \$72,214. Award Period: February 2015 to June 2016. Supplement: Total Direct And Indirect Costs \$14,193, Award Period September 2016 to June 2017.
4. **National Science Foundation, Political Science & Methodology, Measurement, and Statistics (MMS)**. “Support for Conferences and Mentoring Activities in Political Methodology (supports the Society for Political Methodology conference activities).” SES-1120976. With Robert Franzese (University of Michigan, Political Science). Award amount: \$188,034. Award period: September 2011 to August 2013.
3. **National Institutes of Health, National Cancer Institute**, to establish at Washington University a Transdisciplinary Research in Energetics and Cancer (TREC) Center for “A Multilevel Approach to Energy Balance and Cancer Across the Lifecourse,” Co-Investigator/Core Leader for the Bioinformatics Core (Core D). Total grant award amount: \$9,248,284. Award Period: July 2011 to July 2016. Biostatistics Core Director.

2. **National Science Foundation, Methodology, Measurement, and Statistics (MMS)**. “Collaborative Research: Identifying Structure in Social Data Models using Markov Chain Monte Carlo Algorithms.” DMS-1026165 and SES-1028329. With George Casella (University of Florida, Statistics). Award amount: \$189,276. Award period: October 2010 to October 2012.
1. **National Science Foundation, Mathematical Social and Behavioral Sciences (MSBS)**. “Adaptive Nonparametric Markov Chain Monte Carlo Algorithms for Social Data Models with Nonparametric Priors,” DMS-0631632 and SES-0631588. With George Casella (University of Florida, Statistics). Award amount: \$350,000. Award period: January 2007 to January 2009.

GRANTS, AWARDS, AND HONORS

17. “Uncovering Antisemitism.” American University Signature Research Initiatives (SRI) grant for \$100,000. Principals: Nathalie Japkowitz, Wendy Mellilo, and Jeff Gill. September 2023-September 2025.
16. “Detecting and Measuring Online Antisemitism with Advanced Data Science Tools.” American University Signature Research Initiatives (SRI) seed grant for \$25,000. Principals: Nathalie Japkowitz, Wendy Mellilo, and Jeff Gill. September 2022-September 2023.
15. “Prospective Clinical Trial Comparing Operative Versus Nonoperative Fixation of Minimally Displaced Lateral Compression Pelvic Fractures,” authors: Gerard Slobogean, Gregory Gaski, Jason Nascone, Marcus Sciadini, Theodore Manson, Christopher Lebrun, Roman Natoli, IU Surgeons, Andrea Howe, Joshua Rudnicki, Blessing Enobun, Nathan O’Hara, Jeff Gill, Robert O’Toole. Selected by the Orthopaedic Trauma Association (OTA) Annual Program Committee as one of the top papers presented at the 2019 OTA Annual Meeting. September 25, 2019; Denver, CO.
14. Biostatistics Theme 3 Leader, for “The Influence of Chronodisruption on Risk of Preterm Birth.” [March of Dimes Prematurity Research Center](#), with Erik Herzog, Sarah England, Emily Jungheim, and Justin Fay. Award amount: \$10,000,000. Award period: October 2014 to October 2017.
13. Technical Advisory Group (TAG) for the NSF PRIME grant, (David Rindskopf and William Shadish PIs), DGE-1438925. 2014-2015.
12. *Teaching Award, University of Bern: Beste Gesamtnote / Beste Didaktiknote* (best overall grade and best grade for didactics), December 2010.
11. *Teaching Award, University of Bern: Höchste Fachkompetenz* (highest competence), December 2010.
10. *The 2009 Gosnell Prize*, for the best work in political methodology presented at any political science conference in the preceding year, for “Dynamic Elicited Priors for Updating Covert Networks,” with John Freeman. July 2010.
9. *Fellow of the Society for Political Methodology*, Elected in Inaugural Class 2008.
8. *University of California, Davis, Institute for Governmental Affairs Faculty Research Support Grant*. 2004-2005.
7. *University of Florida, College of Liberal Arts Research Support Grant*. Spring 2001.
6. *1999 Okidata Best Research Web Site Award* from the Computers and Multimedia Section of the American Political Science Association, September. For the Harvard-MIT Data Center Web Site, (coauthored with Micah Altman, Gary King, and William Wei). July 1999.
5. *European Series 1999 Award* from the British Council and the European Union. 1999.
4. *State Faculty Support Grant Award* for “Bayesian Hierarchical Models of Education Policy”. 1999.
3. *State Faculty Support Grant Award* for “Advancements in Political Methodology”. 1998.
2. *State Faculty Support Grant Award* for “Politimetrics”. 1997.
1. *American University Dissertation Fellowship Award*. 1995.

EDUCATION

Harvard University

Department of Government, Harvard-MIT Data Center
Post-Doctorate Research Fellow, 1997-98

American University

School of Public Affairs and Department of Mathematics & Statistics
Doctor of Philosophy, May 1996

Test Fields: (Department of Mathematics & Statistics) Mathematical Statistics, Statistical Computing, (School of Public Affairs) American Politics, Public Administration.

Full fellowship student.

University Dissertation Fellowship Award winner.

Dissertation: A Probabilistic Distribution Theory Model of Bureaucratic Behavior: Policy Preferences as Random Variables. Committee: James A. Thurber (Government, Co-Chair), Robert Jernigan (Statistics, Co-Chair), David Rosenbloom (Public Administration).

Georgetown University

School of Business
Master of Business Administration, May 1988

University of California, Los Angeles

College of Letters and Science
Bachelor of Arts, Mathematics, June 1984

EDITORIAL RESPONSIBILITIES:

Editor in Chief: [Political Analysis](#), January 1, 2018 to December 31, 2024.

Acquisition Editor: [Statistics in the Social and Behavioral Sciences](#), Chapman & Hall/CRC, July 2012–Present.

Associate Editor: [Political Analysis](#), 2003-2007.

Member, Editorial Board: [Political Analysis](#) 2003–2004, 2007–2009, 2011-2018. [State Politics and Policy Quarterly](#) 2002–2011, [Journal of Public Administration Research and Theory](#) 2004–2010.

INVITED TALKS AND WORKSHOPS:

“Machine Learning and Big Data Workshop.” Universidad Católica del Uruguay. July 31-August 4, 2023.

APSA Roundtable Learning How To Play with the Machines. Johns Hopkins University, April 7, 2023.

“A Basic Introduction to Machine Learning..” Annual Meeting of the Southern Political Science Association. January 12, 2023.

“Data Science in the 21st Century and Things You Should Worry About.” University of Kentucky, Department of Political Science. April 13, 2022.

“Big Data and Machine Learning Workshop.” Annual Meeting of the Southern Political Science Association. January 12, 2022.

“The Present and Future of Data Science.” Keynote Speech at the inauguration of the Center for Data Science at the School of International Studies (SIS), Renmi University, Beijing, China. March 19, 2021.

“An Introduction to Dirichlet Process Priors for Random Effects and an Extension to Model-Based Clustering.” The International Methods Colloquium. March 20, 2020.

“Data Science in the 21st Century and Things You Should Worry About.” University of South Carolina, Department of Political Science. March 6, 2020.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions.” University of South Carolina, Department of Statistics. March 5, 2020.

“The Present and Future of Data Science.” [2019-20 John Patrick Crecine Distinguished Lecture in the Arts and Sciences at Carnegie Mellon University Qatar](#), February 4, 2020.

“Data Science in the 21st Century and Things You Should Worry About.” President’s Address, Southern Political Science Association, San Juan, Puerto Rico, January 10, 2020.

“Models for Identifying Substantive Clusters and Fitted Subclusters in Social Science Data”.” Princeton University, Quantitative Social Science Colloquium. December 6, 2019.

“A Flexible Class of Bayesian Frailty Models For Political Science Data.” The 3rd Latin American Political Methods Meeting at the Universidad Católica del Uruguay. November 23, 2019.

“Bayesian Hierarchical Models.” Statistical Horizons Workshop, Philadelphia, November 1-2, 2019.

“Models for Identifying Substantive Clusters and Fitted Subclusters in Social Science Data”.” Oxford University, Centre for Experimental Social Sciences–CESS, Nuffield College, October 17, 2019.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions.” Essex University, Department of Political Science, October 15, 2019.

“Basics of Bayesian Hierarchical Models.” Department of Political Science and Economics, **University of Texas–Dallas**, March 26, 2019.

“Introduction to Bayesian Hierarchical Modeling.” Q-Step Masterclass. University of Warwick, Coventry UK, February 12, 2019.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Latin American Political Methodology Annual Meeting (Keynote Talk), Bogota, November 9, 2018.

“Bayesian Hierarchical Models.” Statistical Horizons Workshop, Philadelphia, November 2-3, 2018.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Department of Political Science, **Iowa State University**, October 19, 2018.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Informatics Institute, **University of Florida**, October 15, 2018.

“Mode Effects in American Public Opinion Polling.” Department of Political Science, **University of Florida**, October 15, 2018.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Applied Statistics Seminar, **Harvard University**, April 25, 2018.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Department of Mathematics and Statistics, **Georgetown University**, April 13, 2018.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Department of Political Science, **University of Michigan**, April 2, 2018.

“Non-parametric Statistical Tools for the Social Sciences.” Workshop. Department of Political Science, **Arizona State University**, January 27, 2017.

“Bayesian Hierarchical Models.” Statistical Horizons Workshop, Philadelphia, November 3-4, 2017.

“Handling Missing Data Under Difficult and Ordinary Circumstances.” Department of Political Science, **University of Mannheim**, July 6, 2016.

“Modern Bayesian Methods and Computing for Survey Research.” Workshop Joint with Stas Kolenikov. American Association for Public Opinion Research (AAPOR) Annual Meeting, May 2016.

“Basics of Bayesian Hierarchical Models.” Department of Political Science and Economics, **University of Texas–Dallas**, April 26, 2016.

“Multilevel Models and Bayesian Stochastic Simulation for Social Science Research.” Workshop. Department of Political Science, **Arizona State University**, April 4, 2016.

“Statistical Modeling to Understand Terrorism: An Overview of New Tools.” Political Science Association (UK), [One-day conference to showcase quantitative work in political science in the UK](#). Keynote Address. **British Academy**, London, November 25, 2015.

“Why Bayesian Statistics?” Workshop. TARDIS (The advances in research designs symposium), **University of North Texas**, September 19, 2015.

“To be Bayesian, or not to be: that is the question in the social sciences.” Lake Como, Italy, Dipartimento di Scienze Statistiche, Università Cattolica, and CNR-IMATI, June 9, 2015.

[Applied Bayesian Statistics School: “Modern Bayesian Methods and Computing for the Social Sciences.”](#) Workshop. Villa del Grumello, Lake Como, Italy, June 8-12, 2015.

“Dynamic Elicited Priors for Updating Covert Networks.” Department of Statistics, **Indiana University**, April 27, 2015.

“Basics of Bayesian Hierarchical Models.” Department of Political Science and Economics, **University of Texas–Dallas**, November 18, 2014.

[“Bayesian Hierarchical Models for Social Research.”](#) Workshop. Department of Politics and Nuffield College, **University of Oxford**, June 22-25, 2014.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions.” Division of Biostatistics, **University of Minnesota**, May 2, 2014.

“Using Statistical Modeling to Fight Terrorism.” Quantitative Methods Collaboration (QMC) Series, **University of Minnesota**, April 21, 2014.

“Applied Bayesian Hierarchical Modeling for the Social Sciences.” **Society for Bayesian Statistical Science** (SBSS). Webinar, April 18, 2014.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions, Including An Application to Analyzing Terrorist Groups.” Department of Political Science, **Rice University**, March 19, 2014.

“Statistical Modeling of Injury Severity and Outcomes.” [Pediatric Neurocritical Care Outcomes Symposium: Application of Implementation Science to Traumatic Brain Injury](#). **Washington University School of Medicine**, November 15, 2013.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions.” Department of Statistics, **University of Missouri**, October 30, 2013.

“Basics of Bayesian Hierarchical Modeling.” 2013 Institute for Political Methodology (IPM), **National Chengchi University**, Taipei, Taiwan, July 23-24, 2013.

“Using Statistical Modeling to Fight Terrorism.” [Science On Tap](#), Schlafly Bottleworks, Maplewood, MO, May 29, 2013.

“Missing Data in Social Network Analysis Is Handled Poorly.” Department of Political Science and [Urban Network](#), **University of Chicago**, May 10, 2013.

“Basics of Bayesian Hierarchical Models.” Department of Political Science and Economics, **University of Texas–Dallas**, April 24, 2013.

“Basics of Bayesian Hierarchical Models.” Department of Political Science, **University of Michigan**, March 22, 2013.

“Critical Differences in Bayesian and Non-Bayesian Inference and Why the Former is Better.” Department of Political Science, **University of Missouri-Saint Louis**, February 27, 2013.

“Introducing the Bayesian Approach to Spatial Statistics.” Spatial Econometrics Conference, **Texas A&M University**, February 22, 2013.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions.” Southeast Methodology Meeting (SEMM), **University of South Carolina**, February 8, 2013.

“An Introduction to Circular Data Analysis and Some Bayesian Approaches.” The Institute of Statistical Mathematics, **Tokyo, Japan**, July 5, 2012.

“Revealing Latent Clusters from Dirichlet Process Mixtures Models Using Product Partitions.” ISBA 2012 World Meeting, **Kyoto, Japan**, June 28, 2012.

“Maths for Political Science.” Workshop. ECPR Winter School in Methods and Techniques, **Universität Wien**, February 11-18, 2012.

“Critical Differences in Bayesian and Non-Bayesian Inference and Why the Former is Better.” School of Public Health, **Saint Louis University**, February 6, 2012.

“Bayesian Causal Inference Workshop.” (With Don Rubin). Workshop. School of Law, **Northwestern University**, July 11-13, 2011.

“Multilevel Models: Graduate Workshop.” Department of Political Science, **Texas A&M University**, June 27-29, 2011.

OTHER CONFERENCE ACTIVITY:

Host/Organizer: Southern Political Science Association Annual Meeting Program Chair; January 11-15, 2017. St. Louis Area Methods Meeting (SLAMM): April 18, 2008; April 24, 2009; April 16-17, 2010, April 15, 2011, April 27, 2012, April 24 2015; 23rd Annual Summer Meeting of the Society for Political Methodology, July 20-22, 2006. University of California, Davis; Southern California Area Methods Program, Spring 1999 Meeting, California Polytechnic State University, SLO.

Section Head: Methodology, European Consortium for Political Research Annual Meeting: Reykjavik, Iceland 2011 (With Marco Steenbergen); Public Administration Section, Midwest Political Science Association Annual Meeting: 2009 Methods Section, Midwest Political Science Association Annual Meeting: 2006 Methods Section, Southwestern Political Science Association Annual Meeting: 2002 Methods Section, Midwest Political Science Association Annual Meeting: 2000 (co-head).

Panel Chair: “Directional Statistics.” ISBA 2012 World Meeting, Kyoto, Japan, July 3, 2012; “Bayesian Modeling and Its Applications in Social Science.” ISM-APRM Meeting, Tsukuba City, Japan, July 2, 2012; “Bayesian Modeling and Its Applications in Social Science.” ISBA 2012 World Meeting, Kyoto, Japan, June 28, 2012; “Applied Bayesian Methods.” Midwest Political Science Association Annual Meeting, Chicago, April 24, 2010; “New Frontiers in Political Methodology.” Western Political Science Association Annual Meeting, San Francisco, April 3, 2010; “How Bayesian Methods Make the Study of Latin American Politics Substantially Better.” American Political Science Association Annual Meeting, Toronto, August 5, 2009; “Advances in Studying Elections.” Midwest Political Science Association Annual Meeting, Chicago, April 5, 2008; “Measuring Stuff.” Southern Political Science Association Annual Meeting, New Orleans, January 12, 2008; “Methods for the Study of Congressional Elections.” Southern Political Science Association Annual Meeting, Savannah, November 2002; “Bayes.” American Political Science Association Annual Meeting, Boston, August 2002; “Methodological Improvements in State Politics and Policy Research.” First Annual State of the States: State Politics and Policy Conference, Texas A&M University, March 2, 2001; “State Bureaucracy: Efficiency, Accountability, and Discretion.” State Politics Section, Southern Political Science Association Annual Meeting, Atlanta, November 2000; “Issues in Estimation and Measurement.” Western Political Science Association Annual Meeting, San Jose, March 2000 (panel

organizer); “Visualizing Concepts.” Joint Statistical Meetings, Anaheim, August 1997; “Agenda Setting: What We Know, What We Must Learn.” Southwestern Political Science Association Annual Meeting, New Orleans, March 1997.

Discussant: Panel: “Applied Bayesian Methods.” Shorey, Rachel, Hanna Wallach, Frances Zlotnick, and Justin Grimmer (authors), “A Class of Bayesian Nonparametric Topic Models for Measuring Expressed Priorities in Political Texts” Annual Meeting of the Society for Political Methodology, Princeton University, July 28, 2011. Midwestern Political Science Association Annual Meeting, Chicago, April 24, 2010; Panel: “Innovations in the Study of Turnout.” Midwest Science Association Annual Meeting, Chicago, April 2007; Paper: “Higher-Order Markov Models.” David Epstein and Sharyn O’Halloran (authors), Annual Meeting of the Society for Political Methodology, Florida State University, July 2005; Panel: “Bayes.” American Political Science Association Annual Meeting, Boston, August 2002; Panel: “Methodological Advances in Legislative Politics.” Southern Political Science Association Annual Meeting, Atlanta, November 2001; Paper: “Pre-election Polls in Nation and State: A Dynamic Bayesian Hierarchical Model.” Charles Franklin (author), Annual Meeting of the Society for Political Methodology, Emory University, July 2001; Panel: “Advances in Redistricting Analysis.” American Political Science Association Annual Meeting, Washington, DC, September 2000; Paper: “Averaging Over Relevant Considerations: a Statistical Model of the Survey Response.” Simon Jackman (author), Annual Meeting of the Society for Political Methodology, Texas A&M University, July 1999; Panel: “Four Great Papers With Really Crummy Titles.” Midwestern Political Science Association Annual Meeting, Chicago, April 1998; Panel: “Game Theory”, Public Choice Annual Meeting, Houston, March 1995.

Roundtable: “20th Anniversary Roundtable Discussion of King, Keohane, and Verba’s *Designing Social Inquiry: Scientific Inference in Qualitative Research*.” American Political Science Association Annual Meeting, August 28-31, 2014. “20th Anniversary Roundtable Panel Tribute to Wood and Waterman’s *Bureaucratic Dynamics: The Role Of Bureaucracy In A Democracy*.” Western Political Science Association Annual Meeting, April 18, 2014. “Statistical Modeling of Injury Severity and Outcomes.” Pediatric Neurocritical Care Outcomes Symposium, Washington University School of Medicine, November 15, 2013. “Social Scientific Methods and the Study of Law.” 2005 Law and Society Annual Meeting, Las Vegas, June 2-5, 2005; “Discussion of Brad Carlin’s Talk on Bayesian Inference.” Annual Meeting of the Society for Political Methodology, University of Minnesota, July 2003; “The Role of Political Consultants in the Contemporary Election Process.” Midwestern Political Science Association Annual Meeting, Chicago, April 1999; “Teaching About Campaigns and Elections.” APSA Short Course. American Political Science Association Annual Meeting, Washington, DC, August 2000.

Poster: “Assessing the Impact of Education Public Policies: A Bayesian Hierarchical Model of Resource Allocation.” Midwestern Political Science Association Annual Meeting, Chicago, April 1999; “Generalized Substantively Reweighted Least Squares Regression.” Joint Statistical Meetings, Anaheim, August 1997; “The Median Voter Revisited: A Probabilistic Distribution Theory Alternative.” 12th Annual Political Methodology Conference, Indiana University, July 1995.

Program Committee: 2014 Summer Methods Conference, University of Georgia; 2011 Summer Methods Conference, Princeton University; 2010 Summer Methods Conference, University of Iowa; 2006 Summer Methods Conference, University of California-Davis; 2001 Summer Methods Conference, Emory University.

GENERAL PROFESSIONAL ACTIVITIES

Outside Review Committee, Social Data Analytics and Research Program, University of Texas–Dallas. Spring 2023.

Outside Interdisciplinary Research Institutes Board, P. C. Rossin College of Engineering and Applied Science Lehigh University, 2021-2022.

Inaugural Advisory Board Member for OpenDP, Harvard University, [DP](#).

Steering Committee Member, The Data Preservation Alliance for the Social Sciences, [Data-PASS](#).

Committee Member, 2015-Present, Bayesian Education Research and Practice Section Founding Committee, International Society for Bayesian Analysis.

Conference Program Chair, Southern Political Science Association Annual Meeting, September 1, 2015 to January 13, 2017.

Vice President Elect, Southern Political Science Association, January 16, 2015 to January 8, 2016.

Vice President, Southern Political Science Association, January, 2016 to January, 2017.

Officer, Southern Political Science Association, January, 2017 to January, 2018.

President Elect, Southern Political Science Association, January, 2018 to January, 2019.

President, Southern Political Science Association, January, 2019 to January, 2020.

Immediate Past President, Southern Political Science Association, January, 2020 to January, 2021.

Visiting Professor (sabbatical), University of Minnesota, Department of Biostatistics and Department of Political Science, January 2014–May 2014. Taught: Graduate, Bayesian Methods for the Social and Behavioral Sciences,

Participant, 2014 [Academic Medical Leadership Development Program for Physicians and Scientists](#), Washington University School of Medicine.

Committee Member, 2014 Annual Meeting of the Society for Political Methodology (UGA): Program Committee and Graduate Student Selection Committee.

Member: Data Sharing & Management Working Group, Executive and Leadership Group, Transdisciplinary Research in Energetics and Cancer (TREC) Grant. Washington University, School of Medicine, 2011–2017.

Chair: Society for Political Methodology, Fellows Nominations Committee, 2013–2015.

Chair: Society for Political Methodology, Nomination Committee, 2011–2015.

Course Master: Clinical Research Training Center, School of Medicine, July 2009–July 2011.

Instructor: Eighth NSF-sponsored *Empirical Implications of Theoretical Models* (EITM). Washington University, June 13–June 24, 2011.

Instructor: Workshops on Social Science Research (WSSR), Concordia University, Montreal: “Multilevel Models for the Social Sciences.” May 26–27, 2011. “Bayesian Hierarchical Modeling for the Social Sciences.” June 7–8, 2017. “Bayesian Hierarchical Modeling for the Social Sciences.” May 23–25, 2018.

Institute Scholar: Institute for Public Health, Washington University, 2010–present.

Member: Society for Political Methodology. Fellows Nomination Committee, 2009–2014. Publications Committee, 2018–2021.

Instructor: *Essex Summer School in Social Science Data Analysis and Collection*. Workshop: Hierarchical Model Specification in Quantitative Research. August 4–15 2008; August 10–21 2009; August 9–20 2010; August 6–18, 2012; August 5–16, 2013; July 21–August 15, 2014 (additional second workshop: Survival Models for Social and Epidemiological Science); August 10–August 21, 2015; August 8–August 19, 2016.

Instructor: *University of Michigan ICPSR Summer Program in Quantitative Methods of Social Research*. Summer 2001–2007. Workshop: Bayesian Methods for the Social and Behavioral Sciences (4 weeks). Summer 2008. Workshop: Advanced Bayesian Methods (2 weeks). Summer 2009. Workshop: Advanced Bayesian Methods (1 week).

Section Officer, President: Society for Political Methodology and APSA Political Methodology Section, 2009–2011.

Section Officer, Vice-President: Society for Political Methodology and APSA Political Methodology Section, 2007–2009.

Section Officer, Member at Large: Society for Political Methodology and APSA Political Methodology Section, 2000–2004.

Committee Member: 2008 Summer Methods Meeting Site Selection.

Webmaster: Society for Political Methodology and APSA Political Methodology Section Working Paper Archive, Fall 1998 to Fall 2003.

Committee Member: Gosnell Award for the Best Methodology Paper 8/1/01–7/31/02.

Member: ICPSR Summer Program Advisory Committee, 2001–2004.

Steering Committee Member: Oxford University Spring School in Quantitative Methods for Social Research, 2005–present.

Consultant: Midwest Center for Mental Health Services Research, Indiana University, 2005–present.

Board Member: American University School of Public Affairs Board of Advisors, 2003–present.

Board Member: Academic Board of Advisors for the Center for Congressional and Presidential Studies at American University, 1999–present.

Associate Director, 1998-2000: Center for Practical Politics, California Polytechnic State University, SLO. Founder, Principal, 1998-2000: Political Science–Advanced Research Group, California Polytechnic State University, SLO.

Co-Designer: (with Micah Altman, Gary King, and William Wei) Harvard-MIT Data Center Web Site, 1998.

Participant: Inter-University Program for Political and Social Research, University of Michigan, ICPSR Summer Program in Quantitative Methods, 1994.

Moderator/Organizer: Roundtable, "Retrospective on the 2000 Presidential Election, and Implications for the Bush Presidency." University of Florida, Friday, January 19, 2001.

Panelist/Chair/Organizer: Roundtable on the Politics of the Death Penalty, May 24, 1999 (at California Polytechnic State University, SLO).

Journal Manuscript Reviewer: *American Journal of Political Science*, *American Political Science Review*, *American Politics Quarterly/Review*, *American Statistician*, *Annals of Applied Statistics*, *Biometrics*, *Columbia Journal of Statistics*, *Communications in Statistics-Theory and Methods*, *Computational Statistics*, *Educational Evaluation and Policy Analysis*, *European Union Politics*, *International Journal of Public Administration*, *Journal of Conflict Resolution*, *Journal of Law, Economics, and Organization*, *Journal of Peace Research*, *Journal of Politics*, *Journal of Public Administration Research and Theory*, *Journal of the American Statistical Association*, *Legislative Studies Quarterly*, *Nationalism and Ethnic Politics*, *Political Analysis*, *Political Behavior*, *Political Science*, *Research Methods*, *Political Research Quarterly*, *Psychological Methods*, *Psychometrika*, *Public Administration Review*, *R-News*, *Sociological Methods*, *Sociological Methods and Research*, *State Politics and Policy Quarterly*, *Statistical Methodology*, *Statistical Science*, *Statistics and Computing*, *Zeitschrift für Psychologie/Journal of Psychology*.

Book Manuscript Reviewer: *Brookings Institution Press*, *Cambridge University Press*, *Chapman & Hall/CRC*, *CQ Press*, *Sage*, *SUNY Press*, *John Wiley & Sons*, *Oxford University Press*.

Chapter Manuscript Reviewer: *Encyclopedia of Social Measurement*, *Encyclopedia of Social Science Research Methods*.

Grant Proposal Reviewer: *National Science Foundation*, Methodology Measurement and Statistics, Political Science, Statistics, Mathematical Social and Behavioral Sciences, Information Integration and Informatics (individual proposal reviews and panel member), *Biostatistical Methods and Research Design* (BMRD) study section reviewer at the CSR NIH(2017, 2018, 2019), *European Research Council*.

Current Member: Society for Political Methodology, Southern Political Science Association, American Statistical Association, International Society for Bayesian Analysis, National Capital Area Political Science Association

Software Written for Public Distribution: CRAN Package, `Krige`: implements Bayesian kriging with spatial data (with Jason Byers and James Carson); CRAN Package, `GLMpack`: models and routines from the book Generalized Linear Models; CRAN Package, `hot.deck`: Performs multiple hot-deck imputation of categorical and continuous variables in a data frame (with Skyler Cranmer, Natalie Jackson, Andreas Murr, Dave Armstrong). CRAN Package, `g1mdm`: code for Dirichlet process priors with ordinal outcomes and other GLMs (with George Casella); CRAN Package, `BaM`: Bayesian modeling; CRAN Package, `accuracy`: Tools for testing and improving accuracy of statistical results. (with Micah Altman and Michael P. McDonald); S-Plus/R code for Markov chain tempered transitions (with George Casella); S-Plus/R code for: Importance Sampling, GSRLS/SWLS procedures, and generating multivariate normals; C Language Source code for Building Survey Subsets; Gauss code for: the Gill-Murray generalized Cholesky Decomposition, and the Schnabel-Eskow generalized Cholesky Decomposition.

INSTITUTIONAL SERVICE

American University: Mathematics Boot Camp for incoming Masters of Science in Data Science students: two Saturdays a year (all day) in August and January, teach mathematics formalism, matrix algebra, calculus, and probability theory, Academic Advisor to all Master of Science in Data Science students on the Public Affairs track ($n \approx 40$ per year currently) 2018–Present, SPA representative to the Faculty Senate: Committee on Information Services 2022–Present, Search Committee co-chair in the Department Mathematics & Statistics 2022–2024, SPA Merit and Course Load Committee, Spring 2022–2024, Kogod School of Business Chaired Professor Review Fall 2022, Search Committee member in the Department Mathematics & Statistics 2021–2022, Curriculum Committee in the Department of Mathematics & Statistics 2020–Present, Personnel Committee in the Department of Mathematics & Statistics 2020–Present, Search Committee member in the Department of Government 2019–2020, Co-Director, Masters in Data Science Program 2018–Present, School of Public Affairs, Academic Integrity/Grievance Committee 2018–2020, Department of Mathematics & Statistics Rank and Tenure Committee 2018–Present, Search Committee member in the Department of Mathematics and Statistics 2018–2019, Provost Data Science Committee Co-Chair Spring 2018, Kogod School of Business Chaired Professor Review Fall 2017, Fellow of the Center for Congressional and Presidential Studies (CCPS) 2017–Present, School of Public Affairs Faculty Merit Task Force Member 2017–2021, Department of Government Graduate Committee, 2017–Present, Distinguished Professor Review Committee 2017–Present.

Washington University: Committee Chair, Search Committee for Statistician, (Department of Mathematics), 2014-2015. Committee Member, Arts & Science ad hoc Committee on Big Data, Spring 2014-2015. Committee Member, BJHF/ICTS Proposal Review Study Section, 2014. Committee Member, Steering Committee, Center for Administrative Data Research (CADR), 2011-Currently. Committee Member, Search Committee, (Department of Genetics), Spring 2013. Committee Member, Search Committee for Junior Statistician, (Department of Mathematics), Fall 2013. Committee Member, Search Committee, (Department of Electrical and Systems Engineering), 2012-2013. Committee Member, Search Committee for three lines in American Politics (Political Science Department), Fall 2011. Chair, Search Committee for Junior Methodologist (Center for Applied Statistics and Political Science Department), Fall 2010. Chair, Search Committee for Junior Statistician (Center for Applied Statistics and Mathematics Department), Spring 2010. Faculty Associate (Course Master), Clinical Research Training Center, School of Medicine, 2009-2011. Member, Arts & Sciences Computer Science Bachelors Degree Working Group, 2009-2010. Member, Public Health Curriculum Committee, School of Medicine, 2008-2010. Member, Public Health Curriculum Committee, Brown School of Social Work, 2008-2010. Member, Data Workgroup, Institute for Public Health, 2010-Currently. Member, Data Core Leadership Team, Institute for Public Health, 2009-Currently. Member, Biostatistics Curriculum Committee, 2008-Currently. Member, Search Committee for Senior Statistician (Mathematics Department), 2008-2009. Member, University Committee on Faculty Pay Equity, 2009-2010. Co-Chair, Center for Applied Statistics/Department of Education Search Committee, 2007-2008, 2008-2009. Board Member, Center for Programs, 2007-2010. Chair, Graduate Methods Field in Political Science, 2007-2013, 2015. Ph.D. Dissertation Committee Member for: Gordon Arsenoff, Chia-yi Lee, Amanda Driscoll, Morgan Hazelton, Yael Shomer, Xiao Huang, Ruibin Xi, Qing Li, Michael Malecki, Drew Lewis, Rachael Hinkle, Xiao Huang.

University of California, Davis: Chair, Methods Search Committee, 2005. Chair, Graduate Methods

Field, 2004-2006. Graduate Admissions Committee, 2004. Infrastructure Committee, 2004-2006. ICPSR Funding Committee (IGA), 2004-2006. Advisory Committee, Center on Quantitative Social Science Research, 2004-2006. Advisory Committee, Institute for Governmental Affairs, 2004-2006. Letters and Science College Assembly Elected Representative, 2004-2007. Ad Hoc Committee Summer Fellowship Review Committee, 2005. Ph.D. dissertation committees (completed): Skyler Cranmer (UCD Political Science, chair), Michelle Norris (UCD Statistics), Chris Barker (UCD Entomology), Rebecca Garabed (UCD Epidemiology).

University of Florida: Chair, Department Methodology Field Committee, 2000-2003. Director, Data Lab, 2003. Chair, Speakers Committee, 2001-2002. Graduate Recruitment and Stipends Committee, 2000-2003. Best Graduate Paper Award Committee, 2000-2001. Ad Hoc Committee on Sources of External Funding, 2002. Political Science Department Librarian, 2001-2003. Chair, Department Computer Committee, 2003. Department American Politics Field Committee, 2000-20003. Department Behavior Field Committee, 2000-20003. Department Public Administration and Public Policy Field Committee, 2000-20003. ICPSR Official Representative for the Florida Consortium for Political Research, 20003. Ad Hoc Committee on Research Assistant Assignments, 2003. College Committee to Create a Graduate Certificate in Social Science Methodology, 2003.

California Polytechnic State University, SLO: Chair, College of Liberal Arts Technology Committee, 1998-2000. Research and Professional Development Committee, 1998-2000. Instructional Advisory Computing Committee, 1998-2000. University Scholarship Committee, 1997. Campus Fee Advisory Committee, 1998. Masters of Public Policy Program Committee, 1996-2000. Co-founder: Applied Social Research Colloquia, 1998. CSU Student Research Conference Planning Committee, 1998. American Politics Curriculum Committee, 1996-2000. Information Technology Services Hiring Committee, 1999.

CURRENT GRADUATE STUDENTS, POSTDOCTORAL FELLOWS, AND MENTEES

Selim Yaman, PhD student, American University Government (chair).

Abdullah Yasir Atalan, PhD student, American University Government (chair).

Divya Ramjee, PhD student, American University Justice, Law, and Criminology (committee member).

Xinyuan Yang, PhD student, American University Government (chair).

PHD STUDENTS and POSTDOCTORAL FELLOWS PLACED IN FACULTY AND RESEARCH POSITIONS

Le Bao, PhD student, American University Government (chair). PLACED: Postdoctoral Fellow, Georgetown University, Institute for Massive Data.

Simon Heuberg, PhD student, American University Government (chair). PLACED: Research Scientist, Rechts der Isar, Technical University Munich.

Michelle Torres, PhD student Washington University Political Science (co-chair). PLACED: Assistant Professor at Rice University Department of Political Science.

Jonathon Homola, PhD student Washington University Political Science (co-chair). PLACED: Assistant Professor at Rice University Department of Political Science.

David Carlson, PhD student, Washington University Political Science (committee member). PLACED: Assistant Professor at Koch University Department of Political Science.

Amy Wilfert PhD, Washington University, Human and Statistical Genetics PhD Program (dissertation committee member). PLACED: post-doctoral research fellow at the University of Washington, Department of Genome Sciences.

Taeyong Park PhD, Washington University, Department of Political Science (chair). PLACED: Carnegie Mellon University–Doha.

Seth Strobe MD, Washington University, Department of Urology (oversight committee mentor). PLACED: MD Anderson Hospital, Jacksonville, FL.

Moritz Marbach PhD, Department of Political Science and the Graduate School of Economic and Social Sciences at the University of Mannheim (committee member). PLACED: Postdoctoral Researcher Stanford University. Now Assistant Professor, Texas A&M University.

Jung Ae Lee PhD, Washington University, Department of Surgery. PLACED: Assistant Professor at the University of Arkansas (postdoc supervisor).

Reza Jafarzadeh PhD, Washington University, Division of Infectious Diseases, Department of Medicine (postdoctoral fellow mentoring committee member). PLACED: Assistant Professor at Boston University School of Medicine.

Carlos Alfonso Quilala Santos MD, Washington University, Department of Infectious Diseases (KL2 oversight committee member). PLACED: Rush Medical College.

Chia-yi Lee PhD, Washington University, Department of Political Science (committee member). PLACED: Postdoctoral Fellow, Academia Sinica. Now Assistant Professor, S. Rajaratnam School of International Studies, Nanyang Technological University in Singapore.

Tsung-han Tsai PhD, Washington University, Department of Political Science (chair). PLACED: Assistant Professor, National Chengchi University.

Jennifer Jolley PhD, Washington University, Brown School of Social Work (committee member). PLACED: Post-Doctoral NIMH Fellow, UNC-Chapel Hill.

Jihyun Song PhD, Washington University, Department of Surgery (postdoctoral research supervisor). PLACED: Adjunct Professor, New York Institute of Technology.

Andrew Womack PhD, Washington University, Department of Mathematics (chair). PLACED: Postdoctoral Fellow, University of Florida, College of Agriculture and Life Sciences (chair). Now Assistant Professor at Indiana University Department of Statistics.

Drew Lewis PhD, Washington University, Department of Mathematics (committee member). PLACED: Assistant Professor, Department of Mathematics, University of Alabama.

Dominik Hangartner PhD, Bern University (co-chair). PLACED: Assistant Professor, London School of Economics. Now Professor at ETH Zurich.

Minjung Kyung PhD, Assistant Professor. (post-doc supervisor with George Casella). PLACED: Center for Applied Statistics and Department of Mathematics, Washington University, Fall 2010. Now Professor at Duksung Women's College.

Xun Pang PhD, Assistant Professor (co-chair with Andrew Martin). PLACED: Princeton University, Department of Politics, Fall 2010. Now Professor at Beijing University.

Justin Gross PhD (committee member). PLACED: Assistant Professor, Department of Political Science, University of North Carolina, Chapel Hill. Now Professor at University of Massachusetts Amherst.

Ruibin Xi PhD, Postdoctoral Fellow (committee member). PLACED: Harvard Medical School, Fall 2009. Now at Beijing University.

Benjamin E. Alexander-Eitzman PhD, Washington University, Brown School of Social Work (committee member). PLACED: Assistant Professor, Appalachian State University, School of Social Work, Fall 2009.

Skyler Cranmer PhD, Assistant Professor (PhD chair). PLACED: Department of Political Science, University of North Carolina, Chapel Hill, Fall 2008 (chair). Now Endowed Associate Professor at Ohio State University.

Ryan Bakker PhD, University of Florida, Department of Political Science (committee member at UNC-CH). PLACED: Associate Professor, Department of Political Science, University of Georgia, Winter 2008. Now Professor at Essex University.

Lee Walker PhD, University of Florida, Department of Political Science (supervisor). PLACED: University of Kentucky, Department of Political Science. Now Permanent NSF Program Officer.

PHD STUDENTS and POSTDOCTORAL FELLOWS PLACED IN CORPORATE POSITIONS

Adriana Crespo-Tenorio. PhD student Washington University Political Science (chair). PLACED: New York Times. Now Facebook.

Simon Heuberger, PhD student American University Government (chair). PLACED: Rechts der Isar Hospital, Technical University Munich.

COURSES TAUGHT

American University. Graduate: Bayesian Statistics, every fall (GOV/STAT 618)

American University. GOV 898 (Doctoral Continuing Enrollment), every semester

American University. Graduate and Undergraduate: Survey Research Spring 2020 (above load, 1 of 4 instructors)

American University. Masters in Data Science incoming students math boot camp, twice per year (above load)

Harvard University. Data Science II (undergraduate, spring 2021)

Washington University. Graduate: Maximum Likelihood (Arts & Sciences), Hierarchical Model Specifications (School of Medicine, Arts & Sciences), Statistics for Medical and Public Health Researchers (School of Medicine, housed in the Department of Mathematics), Essential Statistics for Surgery Residents (School of Medicine), Biostatistics R Primer (School of Medicine), Department of Surgery R Primer (School of Medicine).

Harvard University. Department of Government undergraduate methods requirement (Fall 2018)

Harvard University. Bayesian Hierarchical Models (graduate, Fall 2006), Statistical Computing for the Social Sciences (graduate, Spring 2007), Quantitative Analysis of American Politics (undergraduate, Spring 2007), Government 61: Research Practice in Quantitative Methods (Spring 2018), Government 2003: Bayesian Hierarchical Models (graduate, Spring 2018). Government 52: Models (undergraduate, Spring 2021).

University of California, Davis. Graduate: Statistical Computing, Bayesian Methods, Maximum Likelihood. Undergraduate: Research Methods in Political Science, Administrative Organization and Bureaucracy.

University of Florida. Graduate: Linear Models, Maximum Likelihood, Bayesian Methods for the Social and Behavioral Sciences, Generalized Linear Models (Department of Statistics), Administrative Theory. Undergraduate: Administrative Organization and Bureaucracy, Honors Research Methods, Honors American Government.

California Polytechnic State University, SLO. Graduate: Basic Statistics for Masters Students. Undergraduate: Political Analysis, Theory of Administration, Public Budgeting, Intermediate Political Analysis, American Government, Statistical Computing (Department of Statistics), Introduction to Statistics (for engineering majors), Introduction to Statistics (for social science majors), Introduction to Statistics (general).

American University (as a graduate student). Finite Mathematics, Basic Statistics (Department of Mathematics & Statistics), Master's Program Statistics Requirement (Department of Government).

CURRENT RESEARCH INTERESTS

Methodology and Statistics: Bayesian approaches, Markov chain Monte Carlo, queueing theory, non-parametrics, missing data, generalized linear model theory, model selection, circular data, model-based clustering, and general problems in statistical computing.

Epidemiology: mental health outcomes for children exposed to war, foot-and-mouth disease, containment policy, accurate modeling with accelerometer data, and measurement/data issues.

Medicine: pediatric traumatic brain injury, linkages between obesity and cancer (including human energetics and mouse models), the effect of chronodisruption on preterm birth, blood conservation in children, circulation, homeostasis, bio-synthetic blood substitute.

Political Science: voting, terrorism, Scottish politics, expert elicitation, bureaucracy.
